EDUCATION

University of Houston — **Houston, TX**
Major: *Computer Science* ***| Minor:*** *Business Administration & Math* ***| GPA:*** *4.0 (Major)* — Aug 2019 – Dec 2022

Relevant Coursework

- Pursuing a High-Performance Computing Certificate issued by UH HPE DSI and a Corporate Entrepreneurship Certificate issued by the Wolff Center for Entrepreneurship

Houston Community College — **Houston, TX**
Major: *General Studies* ***| GPA:*** *3.86* — Jan 2019 – Aug 2019

Relevant Coursework

- Wrote a 2000-word research paper on the history and different features of antivirus software and its ineffectiveness against modern malware

PERSONAL PROJECTS

Stock Price Predictor *(Google Colab, Python, Keras, NumPy, Pandas)*

- Collaborated with a team to address the Stock Price Prediction challenged posed at the TAMU Datathon
- Project receives data about the stock indicators of a stock, and predicts the opening price of the stock the next day, off which it bases automated stock trading decisions

Tweet Analysis *(Pyhon)*

- Program locates potentially offensive tweets and top hashtags by reading a file containing 5000+ tweets
- A collections module is used to import the counter class which make a tuple of the most common hashtags
- Hashtags are printed in order from most popular to least along with the tweets containing foul language

LinkUp *(Flutter, Dart)*

- Developing a mobile app for Android and iOS to be used as a hands-free business card
- App will allow users to share contact/social media information through a single link
- Could feature built-in QR code, Airdrop, or an NFC Beam feature to make sharing safer and efficient

Personal Website *(HTML, CSS, JavaScript)*

- Coded an education background website
- Deployed a second personal website to showcasing web design skills
- Coded a lightweight, single-page personal portfolio website

EXPERIENCE

Cellular Xperts — **Stafford, TX**
Packaging and Shipping — Jun 2017 – Jun 2018

- Directed packaging and shipping aspects of a top-rated cellphone wholesaler
- Managed a team of 3-4 package handlers by developing a multi-tasking system to efficiently package and ship orders on time

Bahama Buck's — **Sugar Land, TX**
Crew Member — Feb 2016 – May 2016

- Greeted all customers in a warm, sincere, and helpful manner
- Operated the complete register system and other required software
- Worked collaboratively in a team environment to serve all beverages promptly and courteously
